

4 Courses

Introduction to TensorFlow for
Artificial Intelligence, Machine
Learning, and Deep Learning

Convolutional Neural Networks
in TensorFlow

Natural Language Processing in
TensorFlow

Sequences, Time Series and
Prediction

25.09.2020

Alexander Prinz

has successfully completed the online, non-credit Professional
Certificate

DeepLearning.AI TensorFlow Developer

Congratulations! You have completed all 4 courses of the
DeepLearning.AI TensorFlow Developer Professional Certificate
program. As part of this Professional Certificate program, you
have learned: how to build and train neural networks using
TensorFlow, how to improve network performance using
convolutions as you train it to identify real-world images, how to
teach machines to understand, analyze, and respond to human
speech with natural language processing systems, and more!
These, and other TensorFlow concepts, are going to be at the
forefront of the coming transformation to an AI-powered future.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included
courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at
this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of
the learner.
